

TO WHOM IT MAY CONCERN:

I had opportunity to have Jorge Ochoa present the Drum Empowerment Circle to my residents at Morningside Meadows Retirement Community. The residents and I agreed that it was one of the best programs we have ever had. We felt it was extremely beneficial in so many ways that we are going to have him come back on a weekly basis. It promoted bonding, laughter, peace, fitness and an overall feeling of well-being.

I recommend Jorge and this program very highly, especially for senior citizens.

Sincerely,  
Teresa Dawson Jones.
