Dear Jorge Ochoa,

I would like to take this opportunity to thank you for the amazing presentation and drum circle performance that you implemented and coordinated at the 2011 MS Walk. We had over 3,500 walkers that participated in this event, on Saturday at the AT&T Center. The drum circle presentation with the participants that were at the walk was both inspiring and entertaining for these walkers, the volunteers and staff of the National MS Society.

We had both clients and staff that have expressed an interest in being a part of your community circles and I would highly recommend this therapeutic approach to stress, illnesses and diseases like multiple sclerosis. It was evident that the work that you do, does provide wellness through Rhythm and I would recommend this program to other organizations.

Thank you again for your time and service.

Sincerely,
