Dear Jorge:

On behalf of everyone at The Arc of San Antonio, I want to thank you for conducting the drum circle at our Shoot for the Stars event on August 1st. We were extremely pleased with the impact that your interactive drum activity had on the children and adults who attended this event.

The 64 children who attended Shoot for the Stars had a wide range of physical and developmental disabilities. It was amazing to see how all the children – those with and without disabilities – were engaged in the rhythm activities. No matter what their cognitive ability, the children were able to focus on your instructions.

We received wonderful feedback from the parents at the event and it was exciting to see them participating with their children in the drum circle. I hope to find more ways to incorporate your TamboRhythms™ into our weekday Life Enrichment programs and evening recreational activities for people with developmental disabilities. Your sessions are both therapeutic and fun!

Sincerely,

Cynthia R. Hamilton
Executive V.P./Development Director
